

BARAGA VILLAGE CULVERT POLICY

Homeowner/property owner will purchase original culvert and show proof of purchase.

Department of Public works will determine diameter and length of culvert required.

Village will install culvert purchased by individual.

Village will replace original culvert when needed, on a 50/50 basis, if the size of the culvert is larger than the original culvert, the property owner will pay the difference.

All culverts used must meet applicable state and federal specifications and standards.
